

2nd February 2017

Attention: Yaz Dedovic (Today Tonight)

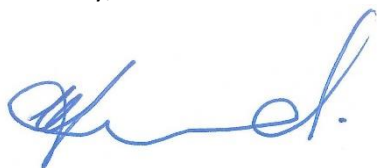

Please see below a statement from Basketball South Australia in relation to the matter involving the Giameos family:

Two officials who travelled with the SA Country Basketball squad to the USA in 2015 were disciplined and counselled following a Basketball SA investigation into incidents that took place on tour.

The Association has also reviewed its policies covering the behaviour of officials travelling with state and development squads.

Basketball SA reaffirms that the selection of players for State teams is based purely on merit.

Sincerely,

Mark Hubbard
Chief Executive Officer
